OPEN STOCK spring catalog 2019

fax: 561 819 0301

A few years ago we studied the market and saw that there was a shortage of great all leather shoes at affordable prices. We saw the PU coated leather shoes and the "corrected leather" shoes but we wanted real full grain leather and real suede leather shoes like the old days. So we developed Asher Green. We went to China, Portugal, and Italy to find the best values we could to pass along to you. We developed contemporary classic patterns. Cap toes and wing tips, but on newer lasts so they looked a bit more modern.

Please take a look at our new Asher Green catalog for our latest offerings. We hope you agree they look great. The great news is they will all be available with open stock allowing you to test without minimums. Want to test the waters with some great leather shoes? We make it easy.

You can go online to our wholesale web site at www.jmswholesale.com (you must register with us first to see our shoes, but it's a very easy process) or feel free to call us at 561-819-0295 and we'll be glad to take your order right over the phone!

We truly appreciate your business and support. We will continue to work hard to partner with you to grow this business we all love.

Thank you so much,

Jennifer and David
